## HERITAGE TRAIN PROJECT

A rake of vintage carriages for the WHR

### A vision for the future.....

The year is 2009..... and you're sampling the first class luxury of a vintage carriage as the magnificent Snowdonia scenery unfolds around you.

The Welsh Highland Railway will be one of the world's greatest railway journeys, and we aim to re-create the spirit of the 1920s with a train of authentic carriages.

Some of these are already in service, but need further restoration work to return them to their former glory. Others will be faithful replicas.

**We need your help to make our vision a reality.....**

### The train.....

- **Ashbury Corridor Number 25** – a replica of a long-disappeared carriage, capable of carrying a large number of people in comfort. To be rebuilt in original 1893 condition.
- **The Gladstone Coach** – original 1891 observation car. In service, but we still need to restore the First Class section, and do work on the couplings.
- **The Buffet Car** – built 1893, this became the first narrow gauge Buffet Car in the UK. Currently being restored, with a grant from the PRISM Fund, but we still need money for the First Class upholstery.
- **Hudson "toast-rack" Number 42** – built 1923, and in service, but in need of new cast steel wheels before 2009.
- **Pickering Brake Composite** – a replica of an original WHR carriage, internally modified for wheelchair access.
